

% length predominance of left antennae 0.867

% length predominance of segments on left antennae 27.164

% width predominance of segments on right antennae 459.33

Head measurements
 length (height) 66,385 % for right side
 width 3,866 % for right side

Sensillas (legs area)
 length 39,962 % for left side
 width 4,794 % for left side

Front legs
 length 23,018 % for left side
 width 29,121 % for left side

Middle legs
 length 150,284 % for left side
 width 5,443 % for right side

Hind legs
 length 10,821 % for left side
 width 0,45 % for right side

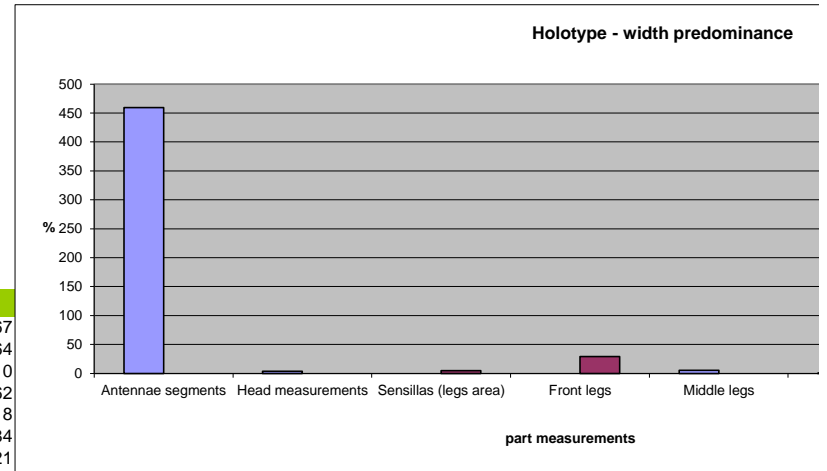

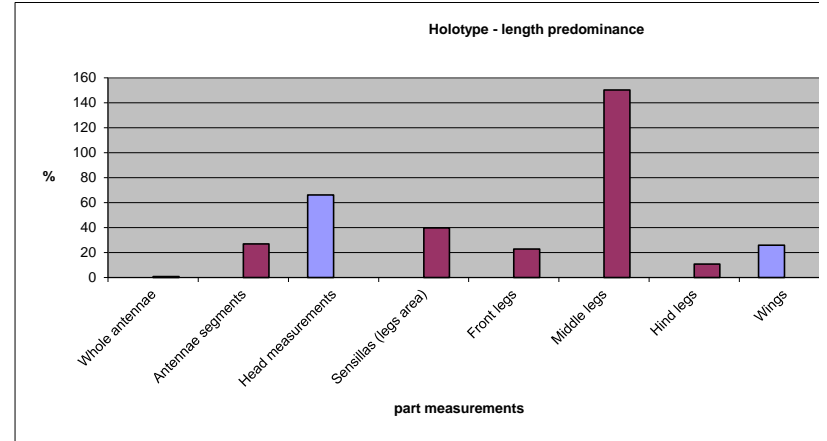

Wings
 length 26,097 % for right side
 width 22,712 % for right side
